## FIGHTING MAYORS NAME CLEAN UP DAYS

Eighteen Boroughs in Eastern Bergen County Join in Campaign Against Rubbish.

"The Fighting Mayors," the organization of eighteen borough heads of Eastern Bergen County, N. J., met at Tenafly last night and planned a new campaign, under the leadership of their President, Mayor Byron M. Huyler of Tenafly.

"The Fighting Mayors" have aided The Evening World in fighting the Public Service Corporation until a three cent ferry fare has been promised to them. They have battled with the Hackensack Water Company until a more equitable rate seems to be in sight.

Now "the Fighting Mayors" are to make their municipalities clean up. Weeds and tin can piles, rubbish heaps and unsightly back yards and stagnant pools are to go. Mayor White of Fort Lee and some of his colleagues have had clean up days heretofore. But this is to be a general campaign, covering the whole eastern side of the county, with competent persons in charge and labor enough to make a lasting impression. The days fixed at last night's meeting were May 14 and 15.

Women's clubs, borough clubs and other civic organizations are to be enlisted in the work.

## BEER KEG BOMBARDMENT.

Brewery Truck Goes Wild and Smashes Into House Front.

Residents in the apartment house at No. 48 West Fifty-ninth Street, accustomed as they are to loud noises and earth tremors from subway blasting, thought they were at the bombardment of Przemysl at 4:45 A. M. to-day. They

were awakened by a series of reverberations sounding like the firing of 42-centimetre guns. But it was only a beer keg shower. An automobile brewery truck, laden high with empties went wrong in the steering gear, climbed the curbing and smashed into the front of No. 48, tearing away fifteen feet of railing and scattering beer kegs all over the vicinity. An empty keg is considerable of a noise producer as those within the zone of the accident can testify.

## An Open Letter

(About Bronchitis.)

TO THE PUBLIC: In March, 1914, I became afflicted with an attack of Bronchitis which forced me to remain in bed for two months. The doctor in attendance changed the medicine several times and I was told that I was going to die. For a while I was despondent, until my wife read a little pamphlet entitled "The Essence Menlo-Lazare." Discouraged with what I had been using without effect, I was willing to try almost anything that sounded like a cure. The Menlo-Lazare was bought, the serum prepared according to direction, and before half of the quantity was consumed the cough had abated and I was able to get up and get around the house. To make a long story short I was at work four days after, and have never felt any symptoms of the dread disease since. All who are acquainted with Bronchitis will understand how hard it is to subdue the cough, but to-day I am willing to take as much, or make as much, as I can to the effect that my case of Bronchitis was as severe as ever afflicted man, and that I was positively cured of it in less than four weeks. All due to the wonderful curative powers of the "Essence Menlo-Lazare." Since then I have recommended it to all sufferers as I was, or to those who were subject to colds of any kind. In each case the medicine maintained the reputation had given it, and all were told in their praise of this truly valuable prescription. All who may be skeptical in its use can write me, and I will cheerfully give them all the information they desire about my personal signature. Very respectfully, 3447 Lafayette St., CAMDEN, N. J.

For the benefit of readers: Essence Menlo-Lazare can be obtained of drug stores. A 5¢ bottle makes a full pint of cold and cough syrup. Full directions are with each bottle.—Advt.
